

## PM 1 - 11 Environmental Policy

Policy
Department: EMS Committee
Responsible for approval: CEO
Document controller: Production Planner
Approval Date: 05/11/2020

### 1. Policy Purpose

This policy ensures Mission's winery and vineyards produce quality wine in a sustainable manner while meeting legislative requirements.

It describes Mission's environmental policies

### 2. Distribution

- These policies are available to the public through the company website and promotional material; or are available on request.
- Staff are introduced to this policy on induction. It is also available on the internal Sharepoint/One Drive and the Environmental manual.

### 3. Policy

**Mission strives to minimise its impacts on the environment with specific reference to soils, waste, atmosphere, energy usage and water consumption. Our goal is to be leaders in our industry.**

#### Continual improvement

Mission Estate Winery will achieve this by firstly measuring our environmental impacts **then** planning to minimise these impacts. Through this ongoing process we will improve our environmental impact and develop industry leading practices.

#### Compliance with existing environmental legislation

Mission Estate Winery complies with all environmental legislation and underpins it's position by annual accreditation to Sustainable Wine Growing New Zealand and ISO 14001:2015

#### Policy Management

Mission Estate Winery's Environmental Policy objectives are reviewed from time to time in line with the Company's strategy. An environmental management report on the year's activities is developed and shared with the company board and shareholder.
