

MISSION
SINCE 1851

TASTING NOTES

Mission VS

Marlborough Sauvignon Blanc 2022

Viticulture

Mission's Blind River vineyard possesses a special aspect with gentle slopes and soils comprising of sandy loams, with a proportion of clay particles that overlay a gravel subsoil. The soils are free-draining promoting vine health, but restrict vine vigour due to the stony sub soils, contributing to intense fruit flavour.

Winemaking

Carefully selected, gently pressed and a long, cool fermentation. The juice was inoculated with specially developed, aromatic yeast strains to intensify varietal character development. Following fermentation wines were batch selected and blended to create a perfectly balanced wine. Further maturation in barrel produced a bright, fruit-driven, complex style.

Tasting Notes

Lemon and lime with fresh herb notes; sweet red apple, passionfruit with juicy stonefruit and a carefully balanced, refreshing finish.

Cellar Potential

Drink now or enjoy within two years

Alcohol	12.5%
Acidity	8.3 g/l
Residual Sugar	6.1g/l
pH	3.15
