

PM 1-10 Environmental Policy

Policy
Department: Management
Responsible for approval: CEO
Document controller: Production Planner
Approval Date: 12/06/2018

1. Policy Purpose

To ensure that the Company's commitment to minimise environmental impacts and meet legislation requirements, within the Company's environmental compliance management is achieved.

The purpose of this procedure is to describe the company's environmental policies and ensure that the company complies with the Environmental Management System ISO 14001:2015, SWNZ and other-Company standard requirements

2. Distribution

- The company's environmental policy statements are available to the public by the use of promotional material and the company website.
- Copies of policy statements are visible in the office area and the original will be available on request.
- Personnel will be introduced to the company environmental policy during staff induction and copies will be available via the internal shared drive and in the Environmental Manual.

3. Policy

Continual Improvement and pollution prevention

Mission Estate is committed to the continual development of improved environmental performance; the prevention of environmental pollution and the reduction of the environmental impact of its activities. Where possible the company will strive to:

- Maintain the life supporting capacity of the soil, water and air.
- Use sustainable production methods.
- Minimise the use of non-renewable resources
- Where appropriate, apply a precautionary approach to the prevention of environmental degradation

PM 1-10 Environmental Policy

Compliance with existing environmental legislation

Mission Estate Winery will comply with or exceed all relevant environmental legislation (domestic and other). Mission Estate Winery will make publicly available any resource consents, including consent conditions, relating to the above legislation. As part of the company management system, Mission Estate Winery will, where appropriate, monitor and record its compliance to the legislation mentioned above. Such records will be publicly available.

Review of the company environmental policy statements.

Mission Estate Winery will review its company environmental policy objectives at a minimally of once a year.

An environmental report will be tabled at a company board meeting annually.
